## 200 CLUB

*The results of the 200 club on the 3rd of July 2015 were:*

*£100.00 - won by number 173—Steven Brown*

*£150.00—not won by unsold number 105*

*£100 snowball NOT won by number 120, and will therefore roll over to £110 in the next draw on the 7th of August 2015.*

## DEFIBRILLATOR FOR THE CLUB.

*Following a suggestion by club member, Joanna Andrews to have a defibrillator at the club, the committee applied to the British Heart Foundation and had the application accepted.*

*The British Heart Foundation provided 50% of the funding and the Club needed to raise the other £400+ required. These funds were raised by two sponsored bikes rides, one being a family event and the other for adult riders only.*

*The Staff and Committee have already started receiving training on how to use the defibrillator. It is the clubs intention to train as many of their members and members of the general public who live in the Hill Top area who would like to be involved and learn how to use the equipment and possibly help to save lives.*

*A defibrillator is used after someone has had a cardiac arrest; every minute without CPR and Defibrillation reduces **one's chance of survival**. Cardiac arrests happen to people of all ages, young and old, it could be you!*

*Many thanks to all who helped raised the funds needed to obtain the defibrillator and to Joanna Andrews for initiating such a worthwhile cause.*

*If you wish to become involved and receive training please contact the Club on 01246 412358*
