Dear Ms Marsden

I wanted to send you a thank you in writing for organising a Christmas Market and Craft Fair, raising a fantastic £510.00, which will really make a difference to patients and their families.

You are helping provide vital support for the young patients being cared for in the Sheffield Children's Hospital. Your support will provide a level of patient care beyond that which NHS funding alone can offer, and will help patients and their parents and families at a time when they need the most support.

As requested the money you have raised will be used by the CLIC Sargent social workers to give support to Children with cancer at the Sheffield Children's Hospital. They offer practical, emotional and financial support, together with Welfare Rights and advice to all families where a child has been diagnosed with a form of cancer.

Please do get in touch with me, or any member of the team, if you have any questions about our work or about the charity in general, and please feel free to pass on my details to your friends and neighbours if you think the charity would be of interest. You can contact us on 0114 271 1351 or email charity@shct.nhs.uk.

As always, you can visit us online at sheffieldhospitalscharity.org.uk to keep up with our latest events and appeals.

Thank you again for your kindness and support!

Best wishes
